

This specialist further education programme is designed to further develop students' vocational and independence skills.

Progression would be Hedleys Foundation for Work and Supported Internship Learning Programmes.

Within the curriculum, students access a range of short work experience placements and vocational tasters to define their vocational preferences and broaden their skills.

Hedleys

College

Towards Independence

Students can also be offered a bridging programme in conjunction with a local main stream college.

We welcome applications from young people aged 16 – 25 with complex need sand / or multiple disabilities who require therapy approach within curriculum.

Students will be assessed as working from Entry Level up to Level 1.
