About Us

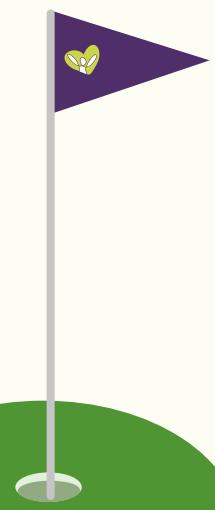

Over 70 years we have delivered over 30 million hours of care, education, therapy and support.

Since the opening of our first school on 16 February 1953, The Percy Hedley Foundation has been committed to supporting people with disabilities to live their best lives.

12 pupils walked through the door in 1953; fast forward to today where we now support 584 people every week across our services.

The Foundation now supports people with complex learning difficulties, disabilities and additional communication needs, thanks to our team of almost 1000 specialist staff.

Running the Foundation is expensive, costing £36.5m a year and support from businesses is crucial to enable us to continue offering the best services and specialist equipment.

Our Journey

Molly and Stephen Darke
First Percy Hedley School
opens for 12 Children
with Cerebral Palsy

1953
